

Who We Are:

The Newtown Creek Alliance is a community-based organization with the mission to restore, reveal, and revitalize Newtown Creek. We work to restore community health, water quality, habitat, public access, and vibrant commerce along Newtown Creek.

Volunteer Opportunity:

Bring your company out to the shores of Newtown Creek for a half-day of environmental stewardship and education. Participants will learn about the historical and current environmental issues facing Newtown Creek, NCA's current projects, and what's going on to clean up our long-polluted waterway.

Then it's time to roll up your sleeves and get to work! Activities will vary depending on season, location, need, and availability.

End your day with light refreshments and the knowledge that you helped Newtown Creek in its journey to becoming an asset to our local communities once again.

To set up an event please email: Info@newtowncreekalliance.org

Corporate Volunteer Details

1

Tier 1: \$2,500

Private event with up to **30 volunteers**
Lunch and Drinks Included
All Materials/Tools Provided

2

Tier 2: \$1,250

Private event with up to **15 volunteers**
Lunch and Drinks Included
All Materials/Tools Provided

Volunteer Activities

Maintaining Green Spaces

Maintain local green spaces that NCA oversees, including pollinator meadows, rain gardens, or our Kingsland Wildflowers Green Roofs.

Creekside Cleanups

Remove trash and improve landscaping at a number of shoreline public access sites along Newtown Creek that NCA manages.

Nursery Growth

Plant, collect seeds, or up-pot native perennials to help NCA expand our native plant nursery.
